

Materials & Manufacturing Engineering Master of Engineering

Recommended Study Plan

This study plan is a guide only for students commencing the Master of Engineering (Materials & Manufacturing Engineering) in 2023. Please note that all course selections must adhere to the program course list outlined at [UQ Courses and Programs](#). If you have any questions or concerns regarding your course selections, please speak with an [Academic Advisor](#) in the School of Mechanical and Mining Engineering.

February Commencement

SEMESTER YEAR 1				
Sem 1 Feb	ENGG7901 Prof. Engineering & the Business Environment: Global Practice	MECH3780 Computational Mechanics	Elective	Elective
Sem 2 July	ENGG7902 Engineering Innovation & Leadership	AERO4300 Aerospace Composites	MATE6301 Nanomaterials	MECH3301 Materials Selection
SEMESTER YEAR 2				
Sem 1 Feb	ENGG7381 Engineering Project 8A		MATE7001 Environmental Performance of Materials	MATE7013 Advanced Manufacturing
Sem 2 July			MATE7015 Additive Manufacturing	Elective

July Commencement

SEMESTER YEAR 1				
Sem 2 July	ENGG7902 Engineering Innovation & Leadership	AERO4300 Aerospace Composites	MATE6301 Nanomaterials	MECH3301 Materials Selection
Sem 1 Feb	ENGG7901 Prof. Engineering & the Business Environment: Global Practice	MECH3780 Computational Mechanics	Elective	Elective
SEMESTER YEAR 2				
Sem 2 July	ENGG7382 Engineering Project 8A		MATE7015 Additive Manufacturing	Elective
Sem 1 Feb			MATE7001 Environmental Performance of Materials	MATE7013 Advanced Manufacturing

Refer to the 2023 course list for electives:

[Field of Study Materials and Manufacturing Engineering - my.UQ - The University of Queensland, Australia](#)
