

# **Mechanical Engineering**

## **Master of Engineering Science (Management)**

## Recommended Study Plan

This study plan is a guide only for students commencing the Master of Engineering Science (Management) in Mechanical Engineering in 2023. Please note that all course selections must adhere to the program course list outlined at [UQ Courses and Programs](#). If you have any questions or concerns regarding your course selections, please speak with an [Academic Advisor](#) in the School of Mechanical and Mining Engineering.

### February Commencement

| SEMESTER YEAR 1 4 UNIT PROJECT |                                    |                      |                                    |  |
|--------------------------------|------------------------------------|----------------------|------------------------------------|--|
| Sem 1<br>Feb                   | ENGG7341<br>Engineering Project 4A | Engineering Elective | Engineering Elective               | ENGG7901<br>Prof. Engineering & the Business Environment:<br>Global Practice |
| Sem 2<br>July                  |                                    | Engineering Elective | Engineering Elective               | ENGG7902<br>Engineering Innovation & Leadership                              |
| SEMESTER YEAR 2                |                                    |                      |                                    |  |
| Sem 1<br>Feb                   | Management Elective                | Management Elective  | Management or Engineering Elective | MGTS7610<br>Management Communication   |
| Sem 2<br>July                  | Management Elective                | Management Elective  | Management or Engineering Elective | Management or Engineering Elective   |

OR

| SEMESTER YEAR 1 8 UNIT PROJECT |                                    |                      |                                    |  |
|--------------------------------|------------------------------------|----------------------|------------------------------------|--|
| Sem 1<br>Feb                   | ENGG7381<br>Engineering Project 8A | Engineering Elective |                                    | ENGG7901<br>Prof. Engineering & the Business Environment:<br>Global Practice |
| Sem 2<br>July                  |                                    | Engineering Elective |                                    | ENGG7902<br>Engineering Innovation & Leadership                              |
| SEMESTER YEAR 2                |                                    |                      |                                    |  |
| Sem 1<br>Feb                   | Management Elective                | Management Elective  | Management or Engineering Elective | MGTS7610<br>Management Communication   |
| Sem 2<br>July                  | Management Elective                | Management Elective  | Management or Engineering Elective | Management or Engineering Elective   |
